Philosophy

81. Public perception of ethics
82. Religion and morality
83. Philosophical beliefs and politics
84. Gender in ethical decisions
85. Education's impact on morals
86. Cultural background and ethics
87. Bioethical issues' public opinion
88. Philosophical beliefs and life satisfaction
89. Ethical education's effect
90. Historical philosophers' modern influence

Literature

91. Gender in literature
92. Literature's impact on social movements
93. Reading habits and academic performance
94. Literary awards and book sales
95. Banned books' public impact
96. Social issues in literature
97. Digital reading vs. print publishing
98. Literature and cultural identity
99. Literature's effect on emotional intelligence
100. Popular literature's youth impact

Geography

101. Urbanization and environment
102. Climate change and migration
103. Natural disasters and economic development
104. Environmental awareness by gender
105. Geography and cultural practices
106. Deforestation's local impact
107. Pollution and public health
108. Geographic features and history
109. Urban vs. rural education
110. Geography and political boundaries

Law

111. Legal age changes and youth behavior
112. Law enforcement and crime rates
113. Juvenile justice and recidivism
114. Gender differences in legal outcomes
115. Media's impact on legal perception
116. Legal education and careers
117. Legal representation and trial outcomes
118. Immigration law's social impact
119. Drug laws and public health
120. International law's domestic influence

Gender Studies

121. Gender differences in academics
122. Stereotypes and career choices
123. Gender equality and economic growth
124. Gender roles in families
125. Gender in media
126. Feminist movements' impact
127. Gender and health outcomes
128. Gender in politics
129. Gender bias in education
130. Gender's impact on social behavior

Religion

131. Religious education and morals
132. Religion and social behavior
133. Religious practices' health impact
134. Gender differences in beliefs
135. Religion and political views

136. Secularization's social impact
137. Religion and academic performance
138. Interfaith marriages' family impact
139. Religious festivals and community
140. Religion and cultural identity

Social Work

141. Social services and community well-being
142. Social work and mental health
143. Child welfare programs' impact
144. Gender in social services
145. Social work education and careers
146. Social policies and homelessness
147. Social support and addiction recovery
148. Elderly care services' quality of life
149. Community programs and youth development
150. Domestic violence interventions' impact

Criminology

151. Policing strategies and crime rates
152. Socioeconomic status and crime
153. Prison education and recidivism
154. Gender differences in crime
155. Media and crime perception
156. Juvenile delinquency programs
157. Drug policies and crime
158. Neighborhood watch programs' impact
159. Crime and economic development
160. Criminal justice reform and recidivism

Cultural Studies

161. Cultural festivals and community identity
162. Cultural heritage and tourism
163. Globalization and local cultures
164. Gender differences in cultural participation
165. Cultural education's social impact
166. Cultural policies and arts funding
167. Cultural identity and migration
168. Cultural exchange programs' effects
169. Media's cultural perceptions
170. Popular culture's youth impact

Human Development

171. Early childhood education's impact
172. Parenting styles and child outcomes
173. Socioeconomic status and child development
174. Gender in developmental milestones
175. Technology's impact on child development
176. Nutrition and cognitive development
177. Play and learning
178. Family structure and child development
179. Early interventions and development
180. Cultural practices and development

Arts and Humanities

181. Art education and academic performance
182. Arts participation and social skills
183. Public art and community engagement
184. Gender in arts participation
185. Arts funding and cultural development
186. Music education and cognitive skills
187. Theatre participation and confidence
188. Digital media and traditional arts
189. Arts programs and youth development
190. Literature and social awareness

Media Studies

191. Social media and news consumption
192. Media exposure and body image
193. Violent media and aggression
194. Gender in news coverage
195. Media ownership and content
196. Advertising and consumer behavior
197. Media literacy and critical thinking
198. Political bias in media
199. Digital media and journalism
200. Social media influencers and youth
